AGM Meeting Minutes Oct - Abbreviated

by Heather Knox

Attendance 30. Regrets 9. Call to order 9:15am
 Recognition of Guests: Ole Fabricius present to discuss Arnprior Race.

Past meeting minutes read, accepted.
 1st B Shorney, 2nd J Elliott

2010 Executive Reports:

President Report: Papers Received from APBA to pay for 2011 membership, had a great year of racing and hoping that next year will be even better.

Vice President Report: Great year of racing, need more volunteers for next year and more sites.

Secretary Report: No News

Membership Report: 88 Individual memberships for 2010, 53 of which were active racers. Compared to 74 members for 2009. Thanks in large part to new T Class members. Memberships for 2011 already seem to be on the rise.

Promotion Report: 4 Shows in 2010, CME show, CPT show, Proctor Marine show and Gravenhurst show. Great Exposure at all 4 shows.

Newsletter Report: Doing well, still in need of more contributions. Receiving really great reports from the Orchard Family. PDF version has proved quite successful, far easier and far cheaper for the club. Currently 5 out of the 88 newsletters are being mailed. Advertising in the newsletter is \$50/year for a business card size ad.

Statistician Report: No Final Tallies as of yet, ended up with 13 American Race Days and 8 Canadian Race days to base all points on.

Treasurer Report: Basic numbers for last year include a Loss of \$1140.27. We lost money at each race and were helped out enormously by our Title Sponsor Bath Fitter and the Keegan Family.

Correspondence Received:

Thank You letter from the OPP for Erinsville race (follow up to Thank You letter Jim Misener sent them).

Letter from Waterford Race to let us know that we broke an Oar on the boat we used. Sent them a cheque for \$34 to pay for the damages.

Correspondence Sent:

Sent thank you letter to Riverside Marina for boats used at Dunnville along with some shirts.

CBF Report:

Don't forget, CBF no longer requires Medical for membership. Now need to complete Eye Exam once every two years.

Bruce Brain sent report of Rescue boat: He believes that we need to invest in a newer engine. More notes/suggestions to be discussed at our next meeting.

Rescue Boat has officially been paid off. This was done almost entirely by club members while CBF helped out by paying off the 18% interest on the loan. As a result of the Rescue Boat being paid off, our CBF fees per race have been reduced from \$300 to \$200.

APBA Report: This year we purchased 10 J Props. 50% of the cost was from donations 50% was from families currently racing JH. (Families have now been reimbursed for this)

Old/Unfinished Business:

2010 TORC Special Award Nominations

Norm Thinell Award Best New Driver
 Rick Cole, Erik Luksep (Winner), Danny Potts, Bryan Geiger

Jack Abel Award Outstanding Contribution
 Jayne Howard (Winner), Bruce Bain, Bill Keegan, Andrew Fralick

Larry Wells Award Sportsmanship and Performance
 Rob Dixon, Andrew Fralick (Winner), Ross Webster, Mike Werner Sr, Rob Keegan

2010 CBF Special Award Nominations
 to be voted on by CBF

Outboard Rookie of the Year

Matthew Latter (Winner), Ryan Taylor

Oley Berkus Award Outstanding Involvement
 Bath Fitter, Don Whittington (winner)

Eric Wolf Award "Presented in memory of a good friend and fierce competitor"
 Graham Fralick (Winner), Erik Luksep, Paul Kryskow

Best Race of 2010

Dunnville, Ontario (Suggested that trophy be given to Chamber of Commerce to be displayed until next year)

Tunnel Talk UIM F1 goes inboard?

<http://www.caudwellmarine.com/>

ABU DHABI – Wednesday, December 08, 2010 – At a press conference staged at the Corniche Al Buheira hotel, Nicolo di San Germano, promoter of the UIM World F1 Series together with John Caudwell and Mike Beachy Head of Caudwell Marine unveiled a unique new engine/drive package that could revolutionize Formula One.

With the world of motor sports becoming increasingly under pressure to seek out greener, more

form F1.

Since its inception, Formula One has relied on outboard power which has mainly been dominated by Mercury 2 stroke units. Today Caudwell and Beachy Head unveiled their powerplant and early tests and comments from the F1 fraternity suggest it could be a winner.

The engine is energy efficient, all aluminum Nissan V6 naturally aspirated 3.5 litre powerplant attached to a custom made Axis drive unit. The test unit is fitted in an elderly two seater DAC catamaran and early performance figures indicate it is very fast i.e. it set an unofficial South African speed record of 142 mph and accelerates from standstill to 160 kph in 8 seconds.

Caudwell and Beachy Head indicated that their units will be cost effective and teams are invited to lease the packages from Caudwell as opposed to outright purchase. The next stage of development will be to install engine and drive in new F1 catamaran and set the outfit up in racing mode and the results will be appraised by pilots. If the feedback is positive, the joint venture between Di San Germano and Caudwell could be on the start grid in 2011

Be In The Know – With F1 H2O!

energy efficient options to protect the environment, Di San Germano has, for the last two years looked at several propositions but all have been discarded on the grounds of economics. However when Caudwell Marine approached the F1 promoter with a package that ticked all the right boxes, Di San Germano proposed a joint venture that, if successful could trans-

As the prop turns

This got missed earlier in the year! My apologies. Dan Elliott of Sault Ste Marie was in his 4th attempt I believe of completing the Top O' Michigan Marathon APBA Nationals at Indian River, MI and not only did he complete the approx 80 mile two day race, but he WON class ASR!! Congratulations Dan on your first APBA National Championship and a job well done and bringing home the gold to Canada! I'm sure it won't be your last!

More new racers on the books! I think every race this year had new racers in attendance. Excellent! The fall Waterford was miserable weather but a few new racers still showed up. Steve Huff of Pickering brought out his 20SSH outfit and Bill Markell brought out his new 20SSH outfit. Also two new prospects from Grimsby brought out one of their new CSH hulls to learn more about racing and are currently shopping for 302 engines. For 2011 we already have a couple new ASR racers, two CSH racers, two CSR racers, and rumours of a new ASH racer and maybe another 20SSH racer. WOW! I'm sure there are others I'm not aware of too or that I'm not remembering. Things are looking good! Why not come join the fun!??

I'd like to welcome a new advertiser... High Command Distributing of Newmarket. They are the new North American distributor of Aquarius inflatables

and race boats. They hope to be at some events in 2011 showing their boats and maybe even racing. Drop by and say "Hi" to Todd Billinger at the Toronto Boat Show at booth G831 and check out these very cool boats. You can also check them out online and see what other neat things they sell on their website www.HighCommandDistributing.com Thanks for the support and good luck with your new

On the Cover

20SSH at Beaver Lake in Erinville, Ontario... Dan Potts of Sydenham, Ontario halls around turn one. Photo by Graham Fralick

by Andrew Fralick

venture!

I've made a new race promotion poster. It is made with CorelDraw software. You can use this as a template for any race... just change the text to suit your event. Anyone who would like a copy feel free to contact me. An example of it is on this page.

The boat show season is here! We need volunteers for them! Come out have fun, catch up with racers, meet old racers and encourage people to try or come spectate at a race! For the first time in many years TORC will have a booth in the Toronto Boat Show thanks to the group at Fast Boats Canada! The show is a week long, so please talk to the Executive or post on the CBF forum and let them know you can help out.

TORC held a fund raising raffle over the last few weeks. 600 tickets sold very quickly, so fast in fact we didn't even have time to pump it up in the newsletter!! It was pumped on the CBF forum and other places. The draw was for a GoPro HD camera and the winner was..... Erik Luksep!

Congrats! Thanks to all who supported the draw.

The TORC Awards Luncheon is fast approaching! So here's a heads up... Feb 26 at the usual spot, the THSC club house in the Beaches area of Toronto. 11 am doors open. Ticket prices not determined yet, but likely same as last year (\$20). Cash bar will be there and open at 12pm. Bring something for the silent auction tables if you can! Maybe you got a Christmas gift that you already had or don't need, maybe you work for someone who can donate something. Or maybe you just want to buy something that can be donated... it all helps! More details to follow, but this is to get it in your head and spread the word. Last year over 50 people came out! If anyone has a DVD of racing they'd like to bring to play on the big tv, feel free! This event is open to anyone with an interest... current or past racers or fans. See you there!

Sorry about this newsletter being so delayed but at least I got it to you before Christmas! Haha. (non-email people... sorry yours will be delayed as I'm going on vacation until Jan 3.) It's a busy time of year and our household will only get busier in the coming months as we're expecting a baby in March. So! PLEASE send in photo's, tidbits of info, some notes on a race you attended or neat things you've seen. It only takes a minute but makes a world of difference for me.

Merry Christmas to all and have a great New Years! Best wishes for 2011! I hope it is all you want it to be! Be safe and please don't drink and drive. See you in January!

Andrew

Meeting Minutes Nov 10 - Abbreviated

by Heather Knox

Location: All Star Wings & Ribs, Vaughan.

6 members. Calles to order 6:21 pm, adjourned 9:23 pm

1. Tentative Race Dates
 - Waterford – June 11/12 (2nd choice 25/26)
 - TBA after talks with town – July 2/3 (June 25/26)
 - Erinsville – July 16/17 (2nd choice 23/24)
 - Dunnville – Aug 20/21 (2nd choice 27/28)
 - Arnprior (contact/site info passed to OVPBC)

A note was made to improvement required for pit venue logistics (eg. Dunnville and Eriunsville). Perhaps prohibit RV's from parking in pits where space is limited, to allow safe movement of race boats.

2. Cash Flow for future races

- a. Current cash flow a major concern, need to start looking for potential sites/cities who are willing to help and support a race.

- i. Create contract to go to potential cities and sites, J. Elliott to create 1st draft proposal of our rules and regulations and any other issues that might arise. We will then edit or revise with suggestions from members.

- b. Presented and reviewed 3 different 2011 race venue budgets (eg. Sponsored/non-sponsored), and requirement for sponsorship. Action plan TBD

3. Volunteers needed.

- a. Can't expect the same crew to run all 4 races during a year. In need of volunteers willing to step up and help out. Currently we have a list of six possible officials.
- b. need to start signing racers up for duties (patrol boat, set up, take down, etc.) before allowing them to register for racing.

4. Shows/Promotion

- a. London Show (March 25-27) Need someone to organize this. Booth is confirmed and donated!

b. Toronto Boat Show

- i. Requires multiple volunteers to man a booth for an entire week.

- ii. Need to create Show Committee to discuss whether or not this is feasible

- iv. A. Fralick to talk to CBF, B. Sherriff to talk to Boat Show and go from there

- c. CME Show (Jan 21-23) COST - \$300-\$400 (approximately)

- i. Perhaps only participate in this show if we are unable to participate in the Toronto Boat Show.

5. Registration

Pre-Registration for races, a flat fee per class greatly simplifies this process and makes budgeting easier and opens the door for a more automated sign up procedure that does not work with current pro-rated fees (1st class, 2nd class, 3rd class, etc.)

6. Discussed stock outboard & T-class goals, synergies, areas of improvement between classes, short/long term working relationship and growth strategies. Conclusion, good strategic alliance for both classes, build on synergies.

2010/2011 TORC Executive Switch.

We would like to Thank John Webster for his many years on the TORC Executive and know he will definitely be missed. (Although I'm sure we will still need him around to keep us all in order)

New Business:

TORC Luncheon/Awards Dinner: Tentatively scheduled for February 26th.

Next years meetings: Jan 8th, Feb 5th, March 5th, April 2nd, May 7th Swap Meet (Swap meet is tentative date)

2011 Boat Shows
London Motorsport, March 25-27
CME Toronto, January 21-23
Gravenhurst, July
Hastings, August

Proposal of creating a Show Committee to more actively focus on organizing shows and boats and volunteers.

Show/Promotions Committee: Rob Keegan, Erik Luksep, Bryan Geiger, Andrew Fralick and Jordan Elliott

Award Ideas for High Point Winners: Prop Cover, Shirt or Sweater, Mugs, etc.

T Class update 2011:
Lots of information and proposals to be taken to CBF Convention and Meetings.

To be more specific

about race day start times and drivers meeting times:

Perhaps set a deadline for registration

Set entry fee for Friday night registration, if you register Saturday morning price increases.

Maybe in the future, we could pay for the entire season upfront, if race is cancelled, you may not ask for money back.

Motion by A. Fralick to discuss this matter with the Executive and come to next meeting with solid proposal.

Equipment Review: Need new club radios, G. Fralick able to purchase but needs to look into cost and amount of radios able to purchase. Motion by A. Fralick, 2nd M. Locke to use up to \$200 for new club radios, PASSED.

Announcers: Brian Sherriff proposes we contact a school with a Radio or Television program and see if there is a possibility for students to come to a race and announce for free. B. Sherriff to look into this, 1st D. Whittington, 2nd H. Knox

Local Race Promotion: Dunnville, bring a boat ahead of time, or put up a banner ahead of time so that people know that there is something they should come and watch, increase spectator attendance.

Need to form a Race Planning Committee: This will be voted on at January meeting.

Arnprior Race:

Ole Fabricius from Arnprior, Ontario
Possible Race for 2011

Talk to Ottawa Club about hosting
Need to look into weather conditions and whether or not it will work for us at all (river is quite wide and might be quite choppy)
Put together committee to discuss and decide whether or not it will work for our club

Learning Events: Saint John Training Day after meeting one day. S. Whittington will be sending A. Fralick a letter to send to all club members to see if they would be interested in taking such a course.

Also might make sense to spend time at the end of our next meeting (Jan 8th) discussing what is expected of you when you are sitting in a turn boat and are an official turn boat judge.

Possibility of putting together a Safety Committee in charge of educating everyone and making sure everything is being done safely. Something to think about at next meeting.

J Props: Props have officially been paid off. \$458 for a total of 10 props. S. Whittington

(Continued on page 9)

AGM Meeting Minutes Oct - Abbreviated by Heather Knox

(Continued from page 8)

will be writing a letter to the APBA Historical Committee for a possible reimbursement of these funds.

Sponsorship: All members need to be looking into possible club sponsorships. Money is the best thing for the club but even if we can get donations of products we can use these as prizes and save money down the line. We should all be writing letters to companies asking for donations of money of products, anything helps.

Entry Fees: A. Fralick motioned for G. Fralick to run his numbers/report to decide how much we will need to charge for entry fees this year and with our current loss if we should increase them and by how much.

New Race Site: Possibility of hosting a new race. Jordan Elliott looking to head up and be heavily involved. Jim Hunter is also actively pursuing it and already thinks he may have a couple of sponsors to help out with costs.

Website/Internet: Problems with current TORC website. Maybe update the website to direct everyone to the current TORC page on Facebook. (Facebook page being updated by H. Knox by submissions from members, W. Hunter interested in helping on Facebook page as well). D. Whittington looking to help with Website maintenance as well.

CBF Membership problems: trying to make sure that everyone is aware that if you register with CBF as a Vintage member, you are not allowed to race in a Stock outboard class, only vintage classes, and certain memberships require the capsule training.

Boat Inspection: This year we need to make sure all boats are inspected before the racing season starts, first race of the year not 3rd or 4th. Safety needs to be a bigger concern for the club.

SLT/PWC/Tunnel: Todd Billinger, lots of interest in this type of racing. 2 man boats, stock class, will only require 3 boats as per CBF rules. Lots of interest just need to get started. Approx cost of new boat (hull) \$6500.

Seadoo/Personal Watercrafts: Runabout and standup, beach starts, don't need to worry about water conditions, not sure about water depth issues, but something perhaps we should look at integrating into our races to further stir spectator interest and/or raise funds.

K&K Insurance will be at convention this year prepared to answer all our questions, so if you are attending the convention or know someone who is, prepare your questions.

Meeting to Adjourn: 12:28 (1st D. Whittington, 2nd J. Howard)
