

Try the world of outboard powerboat racing!

Signing up to the TORC Outboard Racing School is a great first step to learn how to get into the sport properly and safely. Or to give the sport a try and see if it is for you before spending the money on your own race equipment.

The 2018 Outboard Racing School will take place on Friday June 1, at Waterford, Ontario. This is the only Driver School planned for 2018. The water is located at the Waterford North Conservation Area. This is a government run park and there is a small gate fee to get in. This fee is not included in your racing school fees and must be paid when you enter.

To secure your spot in the Racer School, fill out the Student Info Form and get your \$149 payment to Andrew Fralick. Contact info is below. 2018 only has 8 spots available so don't delay if this School interests you. It sells out every year.

Hydroplanes are the hulls used in the school unless something else is specifically requested when signing up. These are current, up to date race machines. If you have already purchased race equipment, or are returning to racing and getting a refresher course, using your own equipment is permitted and encouraged.

What to bring to School:

- Shorts and t-shirt that can get wet
- "Wet shoes", closed toed shoes that you don't mind getting wet. No Crocs. Should fit snug. Many use old running shoes.
- Dry clothes/shoes for after School
- If possible, bring your own good condition Snell 2010+ approved full coverage helmet and eye protection (visor or goggles)
- Optional: Gloves (PWC or motocross gloves work well), Lawn chair, Sun screen, Water or sports drink and snack/lunch
- Action camera like a go-pro and a picture camera are also great to bring. (please share your pics/video afterwards)

On day of school, you will enter the park and head to the covered Pavilion to register by filling out forms and waivers for the race association and race club. These are to be filled out by the student on site and anyone in attendance with them. If the student is a minor, a legal guardian must be present or some forms must be prearranged. The fees cover the student with insurance for the whole weekend should they wish to be involved in helping out with the races on the Saturday or Sunday.

A select few seats are available for students to then also race on Saturday and/or Sunday, additional fees apply. If this might interest you, please let us know and we'll fill you in on the process.

School Day Agenda

- 10:30 Register and Meet/Greet
- 11:00 Classroom session begins
- 12:00 Beach racing (non-water simulation)
- 12:15 On-water sessions begin
- 3:30 Race the Instructor
- 4:30 Graduation
- Just a guide, the day could be altered for weather

We are sure you will enjoy yourself, and should you have any questions prior the day, please feel free to contact us.
