

V3 - TORC

Dear TORC & Racing Friends,

With sorrow Kristian, Karina & I wish to inform you:

- Anita passed away 11am Saturday Nov 3, at home, embraced with love & family. She/we decided upon MAID (Medical Assistance in Dying) as peaceful alternative on her terms vs the harrowing prognosis of Posterior Cortical Atrophy (PCA, atypical Alzheimer) over following years.
- Anita's obituary appears in Mon & Tues Torstar, online thereafter:
<https://www.legacy.com/obituaries/thestar/obituary.aspx?n=anita-helen-luksep&pid=190660040>
- Online memorial page to share condolences, memories, photos:
www.forevermissed.com/Anita-Luksep
- Celebration of life tentatively planned for Friday January 4 Jan 2019, 1-5pm, Donalda Club, Toronto (York Mills Ave & DVP).
- We'll advise most suitable charity tied to Neurology Research for donations in Anita's memory in lieu of flowers.

We know your thoughts & prayers are with Anita & us, upon her internal & external brilliance, a life lived exceptionally well, with her children & family being her greatest focus, joy & pride. Anita very much enjoyed the racing community, the kindness she and we have received, not just over recent years. At the end of the day Kristian & I would not have raced over the many years without her full consent, and her understanding of the warm, wonderful community, camaraderie, and competition.

Our time with Anita was a blessing and privilege to us all, our kids & myself.

Karina, Kristian & I thank you,

Erik
